Instructions – Piece one A and one B block for each colour

1. Print out two copies of the foundations piecing templates. **MAKE SURE PAGE SCALING IS SET TO NONE OR ACTUAL SIZE.** Cut them out around the outer line.
2. Paper piece two A blocks and two B blocks, placing fabrics as desired. Trim excess fabric and paper to outer line.
3. Make two rows by sewing an A and a B block together. Press to the B block.
4. Sew the rows together to make a finished block.

5. Piece a border around this block with the 2 ½" background strips.
